

Expos. Inducement
1852

My dear Mr. Collier.

I shall be much
obliged indeed if you
will kindly undertake to
get me proposed & seconded
for election as a. Sec. of Antiquaries
Society. If Mr. Bp. is there
he will doubtless be very
ready to do one or
the other for me.

But I fancy he is at
Cuddesdon as he has an
ordination on Sunday & he
was here yesterday. I am
in these days - & specially
in the case of our Bishop.
One is not surprised then
of meeting in two places
at somewhere about the
same time.

I hope you have better accounts
from Torguay.

I suppose you will be there at
Xmas. - if so, this is the
best time for giving you a
sending the Torguay party all
the kind wishes of Kason.

Our Picnic is an immense
addition to our pleasures
here. Believe me

Yours & sincerely
Edmund Stone
